

**Call for Education:
The Docks Expo 2018**

Join us again in Nashville for The Docks Expo. We're excited to return to the Music City Center, expanding on our great education program and working in conjunction with the University of Wisconsin-Madison Docks and Marinas program.

We're looking for presenters to share their expertise on the operation and management of marinas, boatyards and dry storage facilities. Presentation topics may include environmental issues, marketing, renovation planning and guidelines, technology innovation, industry trends and much more.

If you'd like to present your ideas on a trending topic for the marina/boatyard industry, panel discussion focus area, or roundtable seminar, please contact Anna Townshend at atownshend@marinadockage.com or Wendy Larimer at wendy@wjinc.net.

Deadline to submit is June 1.

Please include the following information with your submission:

Proposed Session Topic/Name:

Proposed Topic Description:

Proposed Speaker(s):

Name/Title:

Phone:

Email:

Company Name:

Speaker Bio:(100 words or less)

Note: If selected, the information above will be used for registration brochure and/or on-site directory.

The Docks Expo is a three-day event packed with educational sessions, networking opportunities and an exhibit hall, all designed to provide marina and boatyard personnel the perfect venue to learn the latest trends, hot topics, and insight into the marine industry.

The Docks Expo is brought to you by Marina Dock Age, the leading publication for the U.S. waterfront facilities segment of the marine industry, and includes a full conference organized in partnership with the University of Wisconsin-Madison.
